

TruCut™

High-Capacity, Accurate Pill Cutter

Efficiency and Time Savings

- ▶ Save time by cutting multiple tablets in a single pass instead of one at a time
- ▶ Cut 10-25 pills at one time, depending on pill size

High Precision, Every Time

- ▶ Dual titanium blades to cut, not crush, the pills and ensure consistent, accurate cuts
- ▶ System delivers a consistent $50 \pm 10\%$ left/right weight ratio

User-Friendly Accuracy

- ▶ Adjustable guides allow a variety of pill shapes and sizes to be cut
- ▶ Built-in alignment guide makes it easy for anyone to cut tablets evenly
- ▶ Accurate cuts increase the ability to use halved pills in automation canisters and achieve inspection accuracy

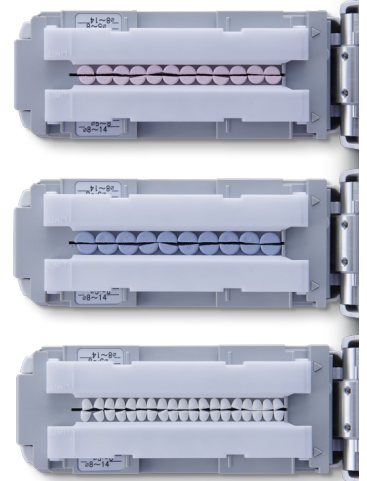

Easy to Clean

- ▶ Quick-release cutting table allows hassle-free brushing and cleaning of blades and interior

Designed with Safety in Mind

- ▶ Enclosed, touch-free blades protect hands during use and cleaning

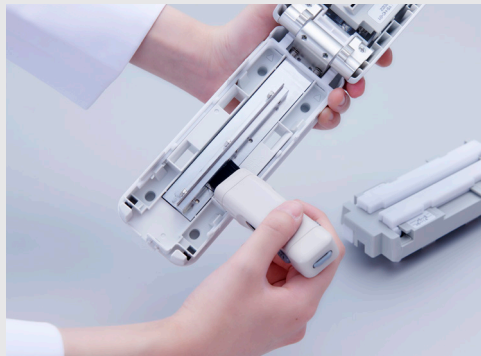

Easy to Use, Easy to Clean

Simply place the pills alongside the adjustable guides, close the lid, and easily cut the desired medications in half. Accurate cuts of multiple pills save time and ready medications for use in adherence packaging.

Includes a Brush and Tray for Easy Cleaning

Streamline Workflow for Efficiency and Profitability

TruCard

The industry's premier automated multi-dose blister card packager with built-in verification

Fills and checks blister cards automatically for efficient workflows

TruPak

Labor-saving automated tablet pouch packaging

Improves safety, efficiency, and medication adherence
